

Remote Teaching and Learning Plan 2021

We have formulated this plan to outline how the school will maintain the link between school and home in 2021 in the event of a whole or partial school closure. We aim to continue to communicate with our pupils through various means, thus ensuring that teaching and learning continues remotely.

Whole School Closure

The primary obligation of all schools is to ensure the welfare of the learners in their school. This plan, therefore, seeks to ensure that remote learning is safe and productive for all learners and that personal and sensitive data is also protected under GDPR legislation. Schools must ensure that learning takes place in an environment that is respectful and fair and meets its statutory duties.

We recognise that online collaboration is essential for distance learning and that families are in favour of increased opportunities to maintain the connection between school and home. Caherleaheen NS uses child friendly, online tools, which assist in providing more effective teaching and learning, while also enabling greater communication between staff, families and pupils.

Guidelines for good online communication in Caherleaheen NS:

1. Staff, families and pupils are expected to behave in a safe, respectful and kind manner online.
2. It is the duty of parents/guardians to supervise children while they are working online and to ensure that any content submitted to their teacher is appropriate.
3. Staff members will communicate with pupils and their families via Aladdin Connect, Zoom and Seesaw.
4. Any electronic forms of communication will be for educational purposes and to allow for communication with families.
5. Under no circumstances should pictures or recordings be taken of zoom/video calls.
6. Students and staff will communicate using tools which have been approved by the school and which parents and pupils have used in Term 1 2020, such as Seesaw and Padlet.
7. For video/Zoom calls, parental permission is implied, as the link to a video call will be communicated via the parent/guardian's Aladdin app or email address. Essentially, by virtue of the pupil logging on to the call, permission is also assumed.

8. Caherleaheen NS school cannot accept responsibility for the security of online platforms, in the event that they are compromised.

This Remote Teaching and Learning Plan includes a combination of assigned work, pre-recorded lessons (Seesaw) and live meetings/sessions (Zoom).

1: Aladdin Connect

Staff will communicate daily plans with parents via the school's Aladdin Connect App. All families are asked to check Aladdin Connect every day, not just for daily plans, but also for updates, Zoom Meeting links or other important information.

Each teacher will share their class e-mail address through which he/she will communicate with parents/guardians and vice-versa. Parental queries will be addressed during school hours only, ie 9a.m. - 3p.m. and should relate to your child's wellbeing, teaching and learning. Please allow 24 hrs for a reply.

2: Seesaw

The Seesaw App allows pupils to connect to their folder and they can upload items to their folder for their teacher to see. This app is used for all classes in the school and also for children who receive additional learning support. Lessons may be pre-recorded and uploaded via Seesaw.

When submitting learning:

1. Submit work, videos and pictures that are appropriate - have an adult take a look at your work before you upload it to your folder.
2. Use kind and friendly words.

3: Zoom

Zoom is a video-conferencing platform which will enable teachers, staff and pupils to connect via a live link. Teachers will connect with pupils regularly using pre-arranged Zoom Meetings. These meetings can be used to encourage social interaction, oversee or review learning activities

Please refer to our Acceptable Usage Remote Learning Policy (2020) for further details:

In summary:

1. Remember to ensure you join each Zoom meeting/session using your family name and do not join via facebook.

2. Pictures or recordings of meetings are not allowed.
- 3. Join the video with your microphone muted and your camera on.**
4. Do not unmute your microphone unless requested by your teacher.
5. Set up your device in a quiet space, with no distractions in the background, if possible.
6. Raise your hand before speaking, just like you would do in class.
7. If you have the chance to talk, speak in your normal voice, using kind and friendly words.
8. Show respect by listening to others while they are speaking.
9. Be on time.
10. The 'chat box' function is only to be used when requested by the teacher.
11. You are not permitted to change, manipulate, forward, post, broadcast or share a recording of the meeting.
